

Invitation

2019 is the 20th anniversary of the Latvian SI Riga club!

To mark the occasion we would be honored to welcome you to
Latvia on 28th September.

Childhood is a special time in our lives; honest, innocent, and full of wonder. We invite you to revisit that sense of wonder by joining us on an adventure in the land of fairy tales: LVM Nature park in Tērvete, an internationally recognized European Destination of Excellence, and a favourite destination of young and old alike.

Latvia is the Land of the Woods with more than half of the land covered in forests. Amongst locals spending time close to nature is a favourite recreational activity, free to enjoy nature at their own pace and in their own way.

Be inspired by a quiet, solitary walk in the trees, or energised by a jog along a wild trail. Revel in the hunt for delicious berries or mushrooms, or relax to the charming whistles and chirps of the birds.

So come and visit, and let us share with you this shining gem of Latvia.
